On Thursday evening, August 5th, the Phil-Mont Mobile Radio Club marked it's 100th V.E. Test Session. To celebrate this milestone, Kay Craigie, WT3P, Atlantic Division Vice Director, was on-hand to present a commemorative plaque to V.E. Liaison Dusty Rhoads, ND3Q.

Joining ND3Q at the Franklin Institute and Science Museum are V.E.'s George Stark, AA2FU, Steve Hoch, WU3I, Bob Wilcox, KE3CZ, Al Tribble, W3STW, Pat Rush, Jr., WT3X and Joel Kliengunther, KA3SWU.

The Phil-Mont Mobile Radio Club has been conducting V.E. Sessions since 1985, just shortly after the Program was established. In addition to the test sessions, the Club also conducts classes and maintains a premier "Ham Shack" exhibit at the Museum.
